

ST-1

The PROTECH ST-1 “PRESS SHOOTER” Tripod Base Plate Adapter enables SONY & Panasonic MiniDV / HDV / EX type cameras to be attached to “Full-Size” Tripod plates

ST-1

PRESS-SHOOTER
Tripod adapter plate

The Protech ST-1 "Press Shooter" is a tripod base plate adapter that allows small MiniDV / HDV / EX sized cameras to be attached to full-size SONY (VCT-14) style tripod base-plates. The ability to mount a small camera to a larger tripod is a benefit when using a matte box and other lens accessories.

PROTECH VST-14 full-size tripod base plate

Protech VST-14 replacement full-size tripod base plate (SONY VCT-14) for use with the ST-1 and full-size SONY & Panasonic cameras

PROTECH ST-10 Adapter & full-size tripod base plate kit

Includes ST-1 base plate adapter and VST-14 full-size tripod base plate

PROTECH ST-1V / ST-1Z “Press Shooter” with HVR-DV60 hard disc recorder & other accessory mounting bracket

Same as ST-1, with mounting bracket for HDV-DV60 hard disc recorder or other accessory
